

Curriculum Vitae

Mirko Ancillotti

Updated 20 May 2022

Employment history

Centre for Research Ethics and Bioethics, Uppsala University
Postdoctoral researcher
Since May 2021

Centre for Research Ethics and Bioethics, Uppsala University
PhD student (80%), Assistant editor of CODEX_website (20%)
February 2016 - April 2021
Leaves: Parental leave, 5 months between March 2017 and December 2017 (50%)

Centre for Research Ethics and Bioethics, Uppsala University
Research Assistant
September 2013 - January 2016

Education

PhD in Medical Science (Public Health and Bioethics)

Uppsala University - March 2021
Thesis title: "Antibiotic Resistance: a Multimethod Investigation of Individual Behaviour and Responsibility"
Main supervisor: Dr. Stefan Eriksson

Master degree in Philosophy

University of Pisa - September 2012
Thesis title: "John Harris: a rational approach to bioethics"
Supervisor: Prof. Sergio Bartolommei

Studies abroad (Erasmus), University of Valencia (Spain), 2006 - 2007

Summer schools and training

Matariki Summer School, Tubingen University (Germany), July 2015
Challenges in Research Ethics

Training School at the University of Oxford (UK), November 2014
CHIP ME Early Stage Researchers' Network Workshop

International Summer School ECTS Berlin (Germany), September 2014
Analyzing the Social Dimensions of Synthetic Biology

Selected courses

Academic Teaching Training Course, March - May 2020, Uppsala University
Ethics and Antibiotics, April 2019, Uppsala University and Uppsala Antibiotic Center
Research Ethics and Philosophy of Science, March 2019, Uppsala University

Public Health Research – Concepts and Theories, March 2018, Karolinska institutet
Introducing Discrete Choice Modeling and Design, March, June 2017, Uppsala University
Scientific Presentation, December 2016, Uppsala University
Antibiotic Resistance: The Silent Tsunami, October 2016, Uppsala University
Introduction to Biostatistics, October 2016, Uppsala University
Swedish Legislation, Ethics and Animal Use, May 2016, Uppsala University
Analyzing DCE from a Statistical Perspective, May 2016, Uppsala University
Design and analyses of a Discrete Choice Experiment, March 2016, Uppsala University
Qualitative Research, May 2015, Uppsala University

Publications

Articles

- Smith I.*, Ancillotti M.*, de Bekker-Grob, E.W., Veldwijk J. (2022) Does it Matter How You Ask? Assessing the Impact of Failure or Effectiveness Framing on Preferences for Antibiotic Treatments in a Discrete Choice Experiment. Accepted in Patient Preference and Adherence. *Equal contribution
- Huls S., Veldwijk J., Swait J. D., Viberg Johansson, J., Ancillotti M., de Bekker-Grob E.W. (2022) Risk it to get the biscuit: on the relationship between health-risk attitude and heterogeneity of health preferences. Accepted in Value in Health.
- Ancillotti, M., Nilsson, E., Nordvall, A-C., and Oljans, E. (2022) The status quo problem and the role of consumers against antimicrobial resistance. *Frontiers in Sustainable Food Systems* 6:1-5. <https://doi.org/10.3389/fsufs.2022.834022>

Presentations

Invited talks

Conference

Annual Meeting of the SRA-E Benelux Chapter, RIVM , Bilthoven (The Netherlands), 20 March 2017
'What are people's attitudes when facing sickness and having to trade-off benefits and risks, and personal or present gain versus social or future gain?'

Seminars

Bioethics Seminar Series, Max Planck Institute Evolutionary Biology, Plön (Germany), 8 February 2021
'Antibiotic resistance: Public health ethics, medical ethics and individual moral responsibility'

UAC Seminar series - Uppsala Antibiotic Center, Uppsala (Sweden), 5 February 2021
'If patients had antibiotic treatment options, how would they choose? A trade-off between antibiotic resistance and cost'

Future Leaders Against AMR
'Ethics, Philosophy and AMR' – 21 February 2022

Contributed talks

International Conference - Shaping light for health and wellbeing in cities, 16-17 December 2021. Online.
'Light pollution and justice'

18th Biennial European Conference of the Society for Medical Decision Making, Berlin (Germany), 14-16 June 2020. Cancelled due to COVID-19 pandemic.
'The Relative Weight of Antibiotic Resistance in the General Public's Preferences for Antibiotic Treatment'

Second workshop of the Nordic Network for Health Policy, Health Management, and Health Services Research - The Centre for Health Economics and Policy (CHEP), University of Copenhagen, Copenhagen (Denmark), 18 April 2018
'Public awareness and individual responsibility needed for judicious use of antibiotics: a qualitative study of public perception and behaviour'

Matariki Summer School, "Challenges in Research Ethics", Tübingen University (Germany), 9 July 2015
'Antibiotic resistance – A research ethics issue'

Translation in Healthcare - Exploring the Impact of Emerging Technologies, Mathematical Institute, Oxford (UK), 24 June 2015
'Antibiotic Resistance – Ethical, Legal, and Social Considerations'

TASynBio Summer School, EA European Academy of Technology and Innovation Assessment GmbH, Berlin (Germany), 19 September 2014
'Synthetic biology: The words matter'

Poster presentations

Antibiotikaforum: beteende och kommunikation, Jönköping (Sweden), 19 November 2019
'Antibiotic use. Beliefs, perceptions, moral values & preferences'

Dag om vårdvetenskaplig forskning, Uppsala (Sweden), 27 September 2018
'Perceptions and beliefs influencing antibiotics consumption behaviour'

17th Biennial European Conference of the Society for Medical Decision Making. Leiden (The Netherlands), 10-12 June 2018

‘Factors influencing antibiotics consumption behaviour – an explorative study’

Synthetic Biology; Bioethics and Biosafety, Tromsø (Norway), 28 August 2014

‘Synthetic Biology Portrayed’

Selected Teaching

PhD courses

Research ethics

Research Ethics and Philosophy of Science, Faculty of Medicine, Uppsala University, 2017 - 2019

Undergraduate and graduate courses

Medical ethics

Medical Physics, Department of Physics, Stockholm University, 2021-2022

Research ethics

Ethics Day at Biomedicine, Faculty of Medicine, Uppsala University, 2016, 2018, 2019, 2022

Population and Community Ecology, Faculty of Biology, Uppsala University, 2019-2022

Radiotherapy Physics and Biology, Stockholm University, 2015-2022

Environmental ethics

Environmental Science, Faculty of Biology, Uppsala University, 2017-2022

Applied Ecosystem Ecology, Faculty of Biology, Uppsala University, 2019-2022

Animal ethics

Biology Debate, Faculty of Biology, Uppsala University, 2016 – 2022

Core curriculum in Biology, Faculty of Biology, Uppsala University, 2015 – 2016

Supervision

Dimitrios Papadimou, Master's thesis in public health science: “Greeks’ perceptions of the moral challenges posed by antibiotic resistance”.

The Sahlgrenska Academy, University of Gothenburg – VT 2021.

Editorial work

Article referee for:

- Public Understanding of Science
- NanoEthics
- International Journal of Public Health
- Journal of Antimicrobial Chemotherapy
- Infection and Drug Resistance
- Journal of Health Communication
- Health Expectations
- Scandinavian Journal of Public Health
- Journal for the Study of Religions and Ideologies
- Risk Analysis
- PLOS ONE
- PharmacoEconomics
- Wellcome Open Research
- British Medical Bulletin
- BioLaw

Abstracts referee for the Society for Medical Decision Making (SMDM):

- 41st Annual American Meeting, June 2019
- 18th Biennial European Conference, June 2020

Other services

Uppsala Health Summit, “Managing Antimicrobial Resistance through Behaviour Change”, 15-18 March 2021, Uppsala (Sweden). Organising committee member and co-chair of Workshop C: Consumer Behaviour and Antibiotic Resistance
